

# Make equal parts

1 Match the part to the whole.

The matching exercise consists of two columns of four boxes each. The left column contains: a helmet with red plumes, a brown leaf, a green door, and a yellow beak. The right column contains: a house, a knight in armor, an owl, and a tree. Blue lines connect the helmet to the knight, the leaf to the tree, the door to the house, and the beak to the owl.

2 Complete the sentences.

There are  equal parts.

There are  equal parts.

3 Complete the sentences.

There are  equal groups.

Each group has  cakes.

There are  equal groups.

Each group has  child.

4 Tick the pizza that has been split into equal parts.

5 How do you know the loaf of bread is not in equal parts?

6 Tick the shapes that show equal parts.

7 Take 12 counters.

- a) Show that you can make 2 equal groups.
- b) Show that you cannot make 5 equal groups. What other equal groups can you make?

8 Draw lines to split the shapes.

a) Split each shape into 2 equal parts.

b) Split each shape into 2 parts that are not equal.

9 Here is one way to colour the square to show equal parts.

Find two more ways to colour the square to show equal parts.

e.g.
