C02 reduction week

The school council are working towards the 'Green Trees School Award' through the Woodland Trust. As part of reaching the gold award there are several tasks to work through. Promoting reducing C02 emissions was one of them. Therefore, the School Council would like to have a walk to school/car share week. If you don't live within the village and cannot walk to school then car sharing with another family would count towards a C02 reduction. They will record the cars coming to school and hope to see a reduction during that week. As an extra incentive they would like to award a cupcake to anyone who manages to achieve this. The C02 reduction week will commence on the week beginning the 26th November.
