9<sup>th</sup> January 2020

Dear Children of Grewelthorpe and Fountains Federation,

I am writing regarding my recent visit to your schools. You were so welcoming, and I thoroughly enjoyed the time I spent with you.

I was delighted to be able to deliver a Picture News assembly. You all listened and asked questions about the complex issue of climate change and some of you even began to challenge and consider your actions and how you could impact our world; you really are incredible!

All of your comments were carefully considered, and I loved how not everybody agreed but you were able to demonstrate respect for one another. You really understood that we are all different, we all have different ideas and opinions, but we are all valued.

Some of the work you produced, based on the assembly, will be on display at The Education Show in London later this month. Over 34,000 people involved in education in the UK and overseas will visit this event so your ideas and opinions about climate change will reach a huge audience.

I will also send the letters Class 4 wrote to Julian Smith and will let you know his response!

Thank you again for having me and keep up the fabulous work you all do.

Your sincerely,

Jo
